

Bolt-ons

Private equity firms often use buy and build strategies to drive value. Adding bolt-on acquisitions can bring synergies with the existing platform and can drive both domestic and international growth.

The private equity lawyers at Hogan Lovells help you structure bolt-ons. We can handle the acquisition investment and any adjustments to equity incentive arrangements and financing that may be required. We know your target industries, and are confident in working through any relevant regulatory issues. Together, we help you expand your platform so you can grow your business.

Representative experience

Advised on numerous bolt-on acquisitions for a portfolio company of Nordic Capital.

Advised Pamplona portfolio company, Charter NEX, on its acquisition of Optimum Plastics, Inc.

Advised Wyevale Garden Centres, a portfolio company of Terra Firma, on more than 10 bolt-on transactions.

Advised Navis Capital on the acquisition of Retail Active for its portfolio company Resource Experience Limited.
