

Chemical and Product Regulation

We work with you to eliminate regulatory barriers standing in the way of your products' success, and to cost-effectively comply with myriad product regulations under:

- California's Proposition 65 and Green Chemistry
- Chemical Facility Anti-Terrorism Standards (CFATS)
- Chemical Weapons
- Conflict Minerals
- Emergency Planning & Community Right-to-Know Act (EPCRA)
- Federal Insecticide, Fungicide & Rodenticide Act (FIFRA)
- Hazard Communication; Globally Harmonized System of Classification and Labeling of Chemicals (GHS)
- Montreal Protocol
- Occupational Safety and Health Act (OSHA)
- Permissible Exposure Levels
- Product Stewardship and Voluntary Certifications
- Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)
- Restriction of Hazardous Substances Directive (RoHS)

Contacts

Scott H. Reisch,
Denver

Practices

Environment and
Natural Resources

- Toxic Substances Control Act (TSCA) and Lautenberg Amendments
- Waste Electrical and Electronic Equipment (WEEE)

Representative experience

Advising clients across multiple industries regarding compliance with OSHA's hazard communication standard, including preparation of safety data sheets.

Guiding multinational manufacturing client through preparation and submission of critical TSCA regulatory approvals for commercialization of genetically modified (GMO) products for biofuels production.

Defending clients in Proposition 65 "bounty hunter" lawsuits.

Advising clients on import restrictions under REACH.
