

Operation and Maintenance, Facilities Management, Services and Commercial

Whether it's preventative maintenance, lifecycle replacement, or sourcing personnel to manage your assets, we have the right solution to ensure you get the best return on your investment. We have been advising clients in relation to asset operation and management issues for decades, across a range of sectors, and in many jurisdictions across the globe.

Our clients include funds, facility operators, owners and lenders, as well as service providers, maintenance companies, and consultants. Our approach is to understand your needs and challenges, so we can work with you to find the solution with the perfect fit.

Representative experience

A mine operator in Sierra Leone in relation to the terms and conditions of a camp management contract.

An equity investor in relation to an operation and maintenance agreement for a solar power facility in the United Kingdom.

A major international port operator in relation to the long-term operation and maintenance of the Davao Sasa port in the Philippines.

Northeast Maryland Waste Disposal Authority in connection with the extension of the Huntington, NY O&M Agreement.
