

Selin Canpolat, LL.M.

Business Lawyer

Berlin

Biography

Selin Canpolat is a member of our Investigations, White Collar and Fraud team.

Her main focus is on the establishment and evaluation of compliance systems and the performance of internal investigations.

Selin acts for clients from the technical, software and automotive sector, many of which are Fortune 500 and DAX 40 companies. In addition, she supports companies on the compliance with supervision due diligence duties from supply chain acts.

After her First State Exam in Law, Selin completed her Master's degree in European Business Law and worked for an international company with a focus on compliance, project management and e-commerce.

Representative experience

Advising a leading automotive supplier on the global implementation of worldwide ESG requirements, including the requirements under the German Supply Chains Due Diligence Act.

Supporting a financial services company in an internal investigation regarding money laundering allegations.

Advising a major company from the automotive industry on compliance topics and large scale internal investigations.
