[Financial Institutions Horizons 2022](#)

Year Ahead 2020

Disruption looks set to remain business as usual for the global financial services sector in 2020. Our latest report includes a few tasters of what's on the financial services horizon in 2020 and what it means for you.

Areas of focus

Banking Services

Client Assets

and distribution, documentation, establishment of lending and banking businesses. This is in addition to developing financial services structures, governance and commercial arrangements and transactions, and financing and commercial agreements.

We are fully aware of the sophisticated nature of your clients and your need to provide complex and often highly flexible solutions to them. Therefore, we provide a truly holistic perspective and understanding of new and existing legal and regulatory challenges, which few of our competitors are able to match. We help our clients innovate, deliver ground-breaking products, and capitalize on change.

Representative experience

Advised the Open Banking on regulatory implications related to its design of the API Standards being created for the Banking Industry for third party provider access to online payments.

Advised The London Metal Exchange on the establishment of LME Clear, an EMIR-compliant metal derivatives CCP.

Advised clients on their planning and preparations for Brexit and how it may affect their ability to continue providing payment and e-money services into/out of the UK.

Advised Citigroup on the implementation of the EU's Markets in Financial Instruments Directive (MiFID) and its effect on their contract terms.

Advised BlackRock on separate outsourcings of global custody, fund accounting and transfer agency services to State Street, JPMorgan, Investment Bank and Trust, and Citibank.

Advised Paypal on all aspects of its China business, including making the first ever application by a non-Chinese company for a payments license to the Chinese central bank.
