

Juana De Angulo

Associate

Madrid

Biography

Juana is an associate in Hogan Lovells' Madrid office and is a member of the Tax department and the tax structuring team for asset financings and acquisitions.

Juana advises on the design, implementation and monitoring of financial structures based on the application and use of tax measures and incentives for the construction of ships, the production of cinematographic works and the development of R&D projects, providing integral advice from a tax, commercial and finance perspective as well as from the perspective of Spanish and European regulations.

In addition, Juana also provides tax and financial advice to companies from the naval sector.

Representative experience

Advising Spanish financial entities on the design, implementation and monitoring of tax structures for shipping finance transactions.

Advising on the design, implementation and monitoring of tax structures for the financing of research and development projects.

Advising movie producers on the monitoring of fiscal structures for the financing of cinematographic productions.

Advising on the first notarial auctions of movable property held in Spain for two ships from a fiscal and procedural point of view.
