Biography

As a senior knowledge lawyer in the London Real Estate group, Ingrid trains and advises the group on all aspects of commercial real estate as well as organizing training for clients. Ingrid is also involved in responding to the government on key consultations. Ingrid is half Dutch and previously worked as a lawyer in Germany.

Ingrid deals with a wide variety of queries from the group and lawyers on secondment. Through our monthly Bulletin and frequent Engage articles and Talk Shops, Ingrid keeps the Real Estate group and its clients informed about new legal developments and their commercial impact.

The KL team is also tasked with updating our model documents and practice notes in relation to new legislation and cases.

Ingrid has developed strong links with bodies such as the Land Registry, BEIS and Companies House and the London Property Support Lawyers group in order to ensure that our advice is cutting-edge, consistent with the market and technically sound.

Ingrid also assists with the training of the new trainees and arranges bespoke training for our Legal Services Center in Birmingham and new joiners to the group.

The KL team identifies upcoming or difficult legal issues, finds solutions and communicates these to the Real Estate team, to ensure that we provide clients with an up-to-the minute and professional offering.
