Jason D. Lohr

Partner
San Francisco

Biography

Jason Lohr's combined legal, technical, and industry experience offer him a unique perspective.

As a partner in our Intellectual Property, Media, & Technology group, Jason applies his years of experience in intellectual property and cutting-edge technology to help clients protect and utilize their innovation. In addition to his technical training and experience, Jason brings a business perspective that ensures the solutions provided achieve strategic client goals and make solid business sense.

Along with providing comprehensive and innovative approaches to strategic IP portfolio development and management, Jason advises clients of all sizes with an emphasis on portfolio management and analysis, due diligence investigations, post-grant proceedings including IPR and PGR before the Patent Trial and Appeal Board (PTAB), patent interference and derivation proceedings, pre-litigation analysis, comprehensive strategic client counseling, opinion work, and licensing, among other areas. He has a wealth of experience in drafting and prosecuting patent applications, preparing validity and infringement opinions, prosecuting patent reexaminations, preparing trademark and copyright applications, and performing clearance investigations.

Jason's industry experience includes hardware and software, Internet and database applications, computer graphics and animation, cloud computing, clean technologies, Web services, consumer products, data migration and recovery, networking, ecommerce,
