

Dr. Anna Leah Tabios Hillebrecht, LL.M. (Kyushu)

Senior Associate

Hamburg

Biography

Anna Leah Tabios Hillebrecht helps clients navigate major international infrastructure and energy projects.

Leah closely works with stakeholders on all development stages of the project cycle, dispute avoidance measures, and dispute resolution. Her advise centers on the development and negotiation of construction and engineering conditions for offshore and onshore wind parks and likewise encompasses solar PV, airports, nuclear decommissioning and other complex facilities.

Leah completed her doctoral degree at the University of Munich, Germany with a dissertation examining intergenerational implications in the current nuclear law framework and environmental principles. She holds a master's degree in international economic and business law from Kyushu University in Japan. Prior to joining Hogan Lovells, Leah was an associate in the Dispute Resolution (International Arbitration Group) and Major Project teams of a Magic Circle law firm and thereafter a senior associate in the Renewable Energy and Corporate M&A teams of a leading German law firm.

Passionate about diversity and inclusion, Leah enjoys collaborating on projects which foster a more positive working environment.
