

## **Steph Leung**

Associate

London

### **Biography**

Steph is an Associate in the International Arbitration and Construction & Engineering Disputes team in Hogan Lovells, London.

She represents international clients in high value, complex disputes across industry sectors such as energy (including nuclear, fossil and renewable energy), transport (railways and aircraft), waste to energy and technology. She has advised on issues such as delay, disruption, prolongation and defects. Steph has acted for clients in arbitration and litigation proceedings, and has experience with alternative dispute resolution forums such as mediation.

Originally from Hong Kong, she obtained an LLB from the London School of Economics and Political Science and is a qualified solicitor of England & Wales. In 2022, Steph was seconded to Hogan Lovells' International Arbitration team in the Paris office.

### **Representative experience**

Advising an EPCM contractor in ICC arbitration proceedings arising from the design, construction and construction management of one of the world's largest petrochemical facilities in the Middle East.

Advising an employer in ICC arbitration proceedings relating to delay and prolongation claims and counterclaims worth US\$117m arising from EPC works for a polyethylene plant in the Middle East.

Advising a major Chinese contractor in an adjudication
