

Sara Marinoni

Associate
London

Biography

As an Associate in the Privacy and Cybersecurity team, Sara Marinoni advises clients with a global presence on a range of privacy and data protection regulatory issues.

Providing advice on matters including multi-jurisdictional GDPR compliance programs, international data transfers, e-privacy, data incident response and data subject rights, Sara helps clients from across industry sectors, including consumer, tech and financial services, develop new technologies and business strategies in an evolving regulatory landscape.

Representative experience

Assisted a major consumer brand with their response to a global data incident including regulatory filings across multiple jurisdictions both within and outside the EU.

Strategic advice on the implementation of a multi-jurisdiction Diversity & Inclusion program.

Assisted a multinational financial services organisation with the development of an artificial intelligence governance framework.

Assisted a multinational pharmaceutical company in the update of its privacy-related document suite in preparation for Brexit.

Advised a major pharmaceutical company in connection with a data subject access request.
