A comprehensive guide providing insight for businesses on the impact of a British exit from the EU. The impact for businesses will vary depending on the sector and markets businesses operate in. The guide assists clients across a wide range of sectors and markets to assess the "Brexit effect" on them; whether they be from Life Sciences, Financial Services, Media, IP and Communications to Capital Markets. It also looks at the legal and commercial implications on contracts, employment, data, privacy and competition amongst other issues.
